Kensington

KeyFolio Thin™ Protective Cover & Stand

K39796US

Product Description

The iPad mini's small size and thin profile make it the perfect companion for on the go. Now protect it and also make it easier to use—without adding bulk. The Kensington KeyFolio Thin Protective Cover and Stand wraps your iPad mini in an ultra thin folio for a compact design. A raised bezel protects the corners and screen of your iPad mini from scratches and damage. Rubber feet add stability while typing and surfing the web, and also prevent your iPad mini from sliding off the table. Typing is a breeze too, thanks to the high-performance keyboard with tactile, scissor style keys. It pairs instantly with your iPad mini to deliver wireless operation—no wires, no clutter. The KeyFolio Thin Protective Cover and Stand is designed to automatically wake your iPad when you open the cover and put it to sleep when you close the cover to save battery power. And naturally, the KeyFolio Thin preserves easy access to all iPad mini ports. Perhaps best of all—the KeyFolio Thin Protective Cover and Stand does it all while maintaining the super slim profile of your iPad mini.

Features

- Ultra-thin and compact design
- Wireless Bluetooth® keyboard
- Rubber feet for stability
- Magnetic cover enables wake/sleep automatically
- Bezel protects corners of iPad
